

Re-Elect

Alice Strong-Simmons Central Area Director 2013-2015

Proven Performance, Proven Results, Proven Success

Thank you for your confidence and support during the past two years. We have accomplished many of the goals and objectives established by the Central Area Executive Team at the beginning of my administration, but there are areas of the Area Strategic Plan that remain to be fulfilled. I request your continuing support throughout the 2013-2015 biennium as we continue to enhance Central Area programs and operations. Chapter stability and member capacity building are among the top priorities for the future. We will continue the pursuit of “Excellence, Elegance, and Ethics” as we work to expand the number of communities served through establishment of new chapters in underserved locations of the 17 states that comprise the Central Area of The Links, Incorporated.

I humbly ask you to Re-elect Alice Strong Simmons, Central Area Director, The Links, Incorporated.

Sisterly,

Link Alice
